The TPK bee project

The TPK bees project is now picking up speed and can be realized thanks to the participation of the Technologiepark Karlsruhe GmbH and the Projektträger Karlsruhe (KIT). The first beehives are scheduled to move in with us in springtime.

Innovation competition "Security with and for AI" Baden-Württemberg

On February 7, 2023, the Baden-Württemberg Ministry of Economic Affairs announced a call for tenders for the "Security with and for AI" innovation competition. The competition is aimed at medium-sized companies with up to 3,000 employees and start-ups from Baden-Württemberg. Applications for funding can be submitted until April 24, 2023, 3:00 p.m.

The TPK bee project

As part of the TPK bees project, two bee colonies can be set up on the park grounds in spring 2023 thanks to the participation of Technologiepark Karlsruhe GmbH and the Projektträger Karlsruhe (KIT). The first TPK honey can finally be harvested at the end of the bee season, professionally supervised by the Bienenzüchterverein Karlsruhe e.V. (BZV-KA).

Accompanying the project, there will be the opportunity to take part in introductory training courses, which should take place regularly and provide insights into the processes of a bee colony. During the interactive tours and presentations, the various bee beings can be observed at "work". It is also explained how the different comb types (honey comb, pollen comb and brood comb) differ from each other.

The TPK team is happy about the lively and sustainable project.

Innovation competition "Security with and for AI" Baden-Württemberg

On February 7, 2023, the Baden-Württemberg Ministry of Economic Affairs announced a call for tenders for the "Security with and for AI" innovation competition. This is intended to promote the development and commercialization of secure and trustworthy AI products and AI services, and to promote innovative security solutions. The competition is aimed at medium-sized companies with up to 3,000 employees and start-ups from Baden-Württemberg.

Interested companies can submit their applications for funding until April 24, 2023, 3:00 p.m.

You can find the registration link and further information on the "Security with and for AI" innovation competition in Baden-Württemberg at:

TPK running club

All those who have committed themselves to physical fitness for the start of spring are welcome to put one or the other run with the motivated TPK running group on their "to-do list". With the personal trainer Lars Moysich, you will reach your full physical potential. Every Thursday from 6 p.m. two hours of endurance, coordination and back training, games and fitness take place at the Tullasporthalle. Participation is free.
