Re-Opening of the TPK Casino

On the 1st of August 2022, the time had finally come! worKA gGmbH has started their regular casino operations at the technology park.

We look forward to a rich lunch offer from various dishes prepared from fresh and regional ingredients.

At worKA gGmbH, people with and without disabilities work together in a high-performance company - worKA has followed this inclusive approach since it was founded in 2000. With its 250 employees, it is now considered one of the most successful inclusive companies.

9th table football championship

As in previous years, this year's table football championship was again a great success.

Despite 38 degrees Celsius, 21 teams took part in the friendly competition for the first three places on the podium in the TPK Casino. All teams, from various companies in the park, started with fighting spirit and the necessary pinch of humor.

With the 1st and 2nd place, andrena was able to record two winning teams, Telemaxx took the 3rd place. We would like to thank andrena for their great commitment to the organization, which made the table football tournament a successful event again after a 2-year corona break.

A big thank you goes to our sponsors.

Thanks to the generous donations from the companies andrena, FALK, inovex and TPK we were able to hand over the proud sum of 1,500.00 € to this year's donation recipient, Lebenshilfe e.V.

The Lebenshilfe foundation promotes innovative, creative and sustainable ideas, that help people with disabilities lead a self-determined life.
